# LONG DISTANCE SERVICE

## STATION CALLS

When you will talk with anyone who answers at an individual line, or party line telephone, or private switchboard. Station calls are placed by calling "Long Distance" or dialing "Operator," then telling her the city or town, the out-of-town telephone number, if you have it, or the name under which it is listed.

## PERSON CALLS

When you want to reach a particular person, or a particular extension telephone, or department connected through a private switchboard. Person calls are placed by calling "Long Distance" or dialing "Operator," then telling her the city or town, the out-of-town telephone number, if you have it, or the name under which it is listed, and the name of the person, the extension telephone number, or department you want.

## COLLECT CALLS

Upon request, the charges on calls to most points within the United States and its territories, and to certain foreign countries may be collected at the called telephone. Collect calls take the regular Station or Person rates except that higher Station collect call rates apply where the Station rates are 20 cents or less on calls within Oregon or 25 cents or less on calls outside of Oregon.

# RATES TO SOME OUT-OF-TOWN POINTS

(Rates to Points Not Listed May Be Obtained By Calling "Long Distance" or Dialing "Operator".)

*NIGHT AND SUNDAY RATES APPLY FROM 6 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY*

The Federal Tax is not included in the rates.

Rates are for an initial period of 3 minutes, except that on Station calls of 10 cents to points within Oregon the initial period is 5 minutes and on Station calls of 25 cents or less to points outside of Oregon the initial period is 4 minutes.

## BUSINESS OFFICE LOCATION

The Business Office of the Company is located at 470 Commercial St., Astoria, Oregon. The Business Office is open from 8:30 A.M. to 5:00 P.M. Monday through Friday and is closed Saturday.

## BILLS AND PAYMENTS

Bills for service are usually issued monthly and are due and payable upon presentation.

When paying in person it will save your time if you have your bill with you. When paying by mail, please enclose the bill stub with your check. If you need additional assistance or explanation regarding your bill, the Business Office will be glad to help you.

## COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

## DIRECTORY ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

## DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you desire any copies they may be secured at an additional service charge by arrangement with the Business Office.

## IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the Business Office.

## SHIP TELEPHONE SERVICE

This service provides two-way telephone communication between a telephone on land and a ship equipped with a radio telephone or between ships when within range of any one of six Telephone Company Pacific Coast Shore Stations. To make a call from a telephone on land call "Long Distance" or dial "Operator" and ask for "Marine Operator" and tell her you wish to place a call to a ship, giving her the name of the ship and its approximate location.

## DIAL SERVICE

## LOCAL CALLS

Do not start to dail until you hear the dial tone—a steady hum which is heard when the equipment is ready to receive your call.

Dial carefully. Do not hurry or retard the dial.

Dial only the figures of the listed number.

## TO CALL ANOTHER PARTY ON YOUR OWN LINE

WARRENTON—Telephone numbers of other customers on your line will have the same first three figures as your telephone number. To call another party on your line, dial "9", then the last figure of your own number and then the last figure of the desired party's number. Immediately after the dialing is completed hang up the receiver. Ringing will start and continue until the called party answers. When the ringing stops, remove your receiver and start conversation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

## VOICE RECORDING SIGNAL

A short high "beep" tone heard on the telephone about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

## RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

Telephone Directory

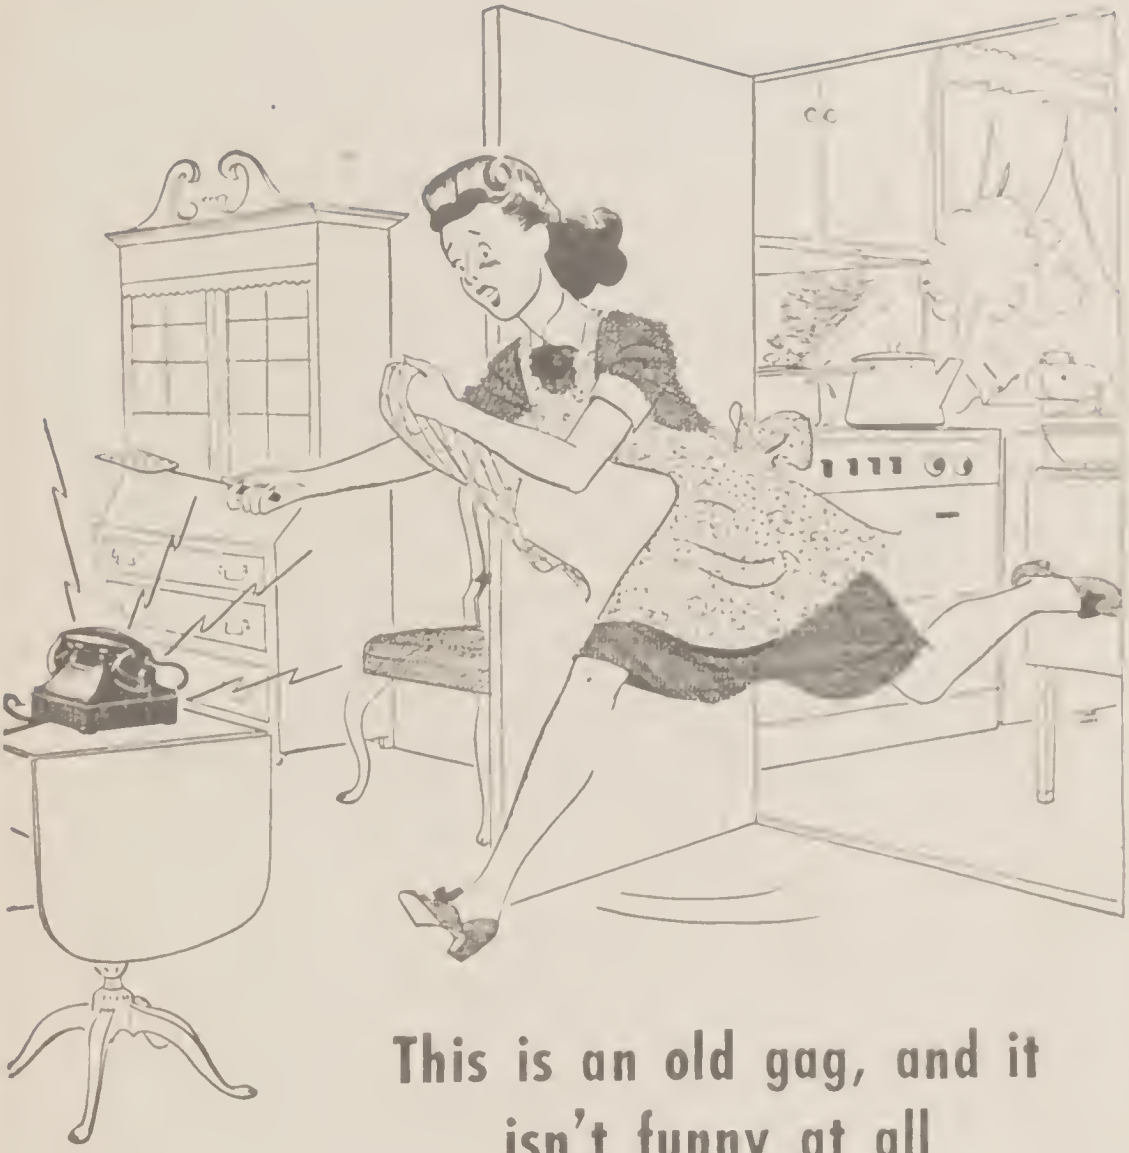
# extension telephones now available for your home

*For just pennies a day you can enjoy the convenience of an extra telephone.*

*Extensions are handy so many places.* In the breakfast nook or basement . . . in bedrooms, the den, or garage . . . in any part of your home where you spend a lot of time, an extension is a time-saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

*To order your extension,* just call your Pacific Telephone Business Office.

Pacific Telephone



# This is an old gag, and it isn't funny at all

*No, of course it isn't funny, Mrs. Jones.*

But we put you there in that unhappy predicament to illustrate what *can* happen. Here you rushed from the kitchen to answer the telephone ...and whoever was calling you hung up before you got to it.

We don't blame you for being upset.

That's why we like to remind people always to give the party called a reasonable time to answer. Wait at least six rings. That's the courteous thing to do.

**The Pacific Telephone and Telegraph Company**

How to make good telephone service even better . . .

## You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls.

So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone

## *You'll save time if you look up numbers before you call*

Have you ever had the feeling that you're *not quite sure* of a familiar telephone number you're about to call?

Even the number of a friend you call quite often? Your memory tells you it's 3198. Or is it 3189? The best way to settle it is to look up numbers *before* you call. You'll save time—and avoid the delay and embarrassment of having a stranger answer if your memory tricks you into getting an incorrect number.

Pacific Telephone

If you call by number

## *You'll have faster long distance service*

You'll have faster long distance service if you give the operator the out-of-town telephone number you are calling, rather than just the name and address. That way, you see, you won't have to wait while she gets the number from "Information" in the distant town you're calling. You'll save time . . . and calling by number means better service for everyone, especially now when long distance lines are carrying so many important industrial and military calls.

## *this free booklet*

. . . for your local and out-of-town telephone numbers is yours for the asking. Just call, send a postcard or drop in to any Pacific Telephone business office for your free copy.

Tells WHERE to Buy it

How to make good telephone service even better . . .

# You'll save time *if you always keep these simple points in mind when you make telephone calls*

1 Look up any number you're not sure of in your latest directory . . . before you make your call.

2 Jot the number down . . . so you'll have it conveniently before you as you call.

3 Dial carefully . . . keeping your eye on the dial.

Pacific Telephone

If you call by number

## *You'll have faster long distance service*

You'll have faster long distance service if you give the operator the out-of-town telephone number you are calling, rather than just the name and address. That way, you see, you won't have to wait while she gets the number from "Information" in the distant town you're calling. You'll save time . . . and calling by number means better service for everyone, especially now when long distance lines are carrying so many important industrial and military calls.

## *this free booklet*

. . . for your local and out-of-town telephone numbers is yours for the asking. Just call, send a postcard or drop in to any Pacific Telephone business office for your free copy.

## BUSINESS OFFICE LOCATION

The Business Office of the Company is located at 410 Ave. A, Seaside, Oregon. The Business Office is open from 8:30 A.M. to 5:00 P.M. Monday through Friday and is closed Saturday.

## BILLS AND PAYMENTS

Bills for service are usually issued monthly and are due and payable upon presentation.

When paying in person it will save your time if you have your bill with you. When paying by mail, please enclose the bill stub with your check. If you need additional assistance or explanation regarding your bill, the Business Office will be glad to help you.

## OTHER PAYMENT OFFICES

In addition to the Business Office at 410 Ave. A, Seaside, bills may be paid in person at the following location:

Dennon's .....Cannon Beach

## COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

## DIRECTORY ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

## DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you desire any copies they may be secured at an additional service charge by arrangement with the Business Office.

## IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the Business Office.

# DIAL SERVICE

## LOCAL CALLS

Do not start to dial until you hear the dial tone—a steady hum which is heard when the equipment is ready to receive your call.

Dial carefully. Do not hurry or retard the dial.

Dial only the figures of the listed number.

## TO CALL ANOTHER PARTY ON YOUR OWN LINE

CANNON BEACH—If you have Two or Four Party Line service, DIAL "Operator" to obtain assistance.

If you have Ten Party Suburban Service, DIAL the desired number. Immediately after the dialing is completed hang up the receiver. Ringing will start and continue until the called party answers. When the ringing stops, remove your receiver and start conversation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

## VOICE RECORDING SIGNAL

A short high "beep" tone heard on the telephone about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

## RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.
